HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, October 24, 1823.

## SPORTS OF THE WHEEL.

The state of the wheels of the GRANDSTATE LOTTERY of Maryland is now extremely interesting. Yesterday's drawing brought nothing out higher than *One Hundred Dollars!* as will be noticed by the official list on the opposite page of this day's Register.

THE DRAWING will be continued on Thursday after next, as usual. Now is the important time for those not yet supplied, to send on their orders with all possible despatch—ONLY NINE DRAWINGS remain to complete the scheme, and the whole of the great Capitals are still undrawn. At the head of the list stands the magnificent prize of ONE HUNDRED THOUSAND DOLLARS, besides those of 20,000—the 10,000's—the 5,000's, &c. &c. TICKETS WILL SOON RISE, and we would advise our distant friends not to delay a moment longer than they can avoid, in securing chances for the Brilliant prizes which *must* be distributed during the nine drawings which remain—*Present price of tickets and Shares, viz:*

WHOLE Ticket \$15 may produce 100,000 dolls.  
HALF - - - 7 50 may produce 50,000 dolls.  
QUARTER - - 3 75 may produce 25,000 dolls.  
EIGHTH - - 1 87 may produce 12,500 dolls.

Orders from any part of the United States, by mail (post paid) or by private conveyance, enclosing the cash, or prizes in any of the Baltimore Lotteries, will meet the same prompt and punctual attention, as if on personal application, addressed to J. I. COHEN, Jr.—Baltimore.

**MONUMENT LOTTERY.** The Eighth drawing of this patriotic scheme will take place on Tuesday next the 28th Inst. when some of the great FLOATING CAPITALS may be expected out. The state of the wheel of this comparatively brilliant scheme which will be found on our 4th page, offers splendid inducements to adventurers, independent of the motives which otherwise prompts investments in consideration of the object of the lottery, which is to complete the base of the noble column now so proudly standing in this City, and reared by those who delight to honor the memory of the illustrious WASHINGTON.

Price of tickets will remain but a short time longer at the present low rate of *Ten Dollars*. ORDERS as usual will meet every attention, addressed to J. I. COHEN, JR.

Sec'y to the Man'g'rs—Baltimore.

## IMPORTANT TO DISTANT ADVENTURERS.

The Notes of any of the Banks in Virginia, North Carolina, South Carolina or Georgia, and also of all specie-paying Banks in Maryland, New York, Pennsylvania and Ohio, will be received at COHEN'S OFFICE, at par, in payment for either Tickets or Shares in the Grand State or Monument Lotteries.—The notes of the Bank of the United States and Branches will also be received par.

## SPORTS OF THE TURF.

On Wednesday the first day's racing at the Canton course near this City, commenced under the superintendence of the Maryland association for the improvement of the breed of horses. The purse for the day was \$250—two mile heats which was run for by General Winn's filley *Fanity*, against Capt. James Howard's filley *Miranda*. *Fanity* took the lead and kept it throughout the

heat, which was run in four minutes and seven seconds. When the horses were called for the second heat, *Miranda* was withdrawn. This was her first trial.

The purse yesterday of 500 dollars was won by Col. W. R. JOHNSON's sorrel horse WASHINGTON, beating Gen. WINN's sorrel CHILDERS both heats—the 1st was run in 6 min. 5 seconds—the 2d in 6 min. 8 seconds. Mr. HOWARD's horse OSCAR was entered, but was withdrawn previous to the time of starting.

THIS DAY, the great purse of *One Thousand Dollars*; to gain which it is believed the greatest competition will be exhibited.—The horses entered are Gen. WINN's sorrel horse SUMPTER; Col. JOHNSON's mare BETSY RICHARDS; and Mr. JAMES HOWARD's brown horse JIM CRACK.

## Grand Review of the Military.

Agreeably to orders, and previous arrangements, the 3d and 14th brigades, comprising the military of Baltimore, were reviewed on Tuesday last by his Excellency, SAMUEL STEVENS, Governor of the State of Maryland and Commander in Chief. The favorable state of the weather and the beautiful and soldier-like appearance of the troops combined to render the whole an interesting and imposing spectacle. In the evening the Governor and suite attended the Theatre, which was very crowded. The centre box was occupied by the Governor and Staff Officers, and was tastefully decorated for the occasion.

From the Petersburg Intelligencer, Oct. 17.

**NEW-MARKET RACES.**—On Tuesday, the proprietor's purse, 300 dollars, 3 mile heats, was won with ease by Wm. R. Johnson's colt Washington, by Timoleon (4 years old) beating Mr. Harrison's horse Tyro, by Constitution. Time—1st heat, 5: 48: 2d heat, 5: 53.

On Wednesday, the Jockey Club purse, 600 dollars, 4 mile heats, was won by Mr. Long's horse John Richards, at two heats, beating Mr. Johnson's mare Betsy Richards. Time—1st heat, 8: 10; 2d heat, 7: 58.

Yesterday, (4th and last day) Handy Cap, two mile heats, was won by Mr. Harrison's Tyro, beating Mr. Wm. R. Johnson's Coalition.

On the Wednesday's race it was expected the celebrated Henry would have started for the purse, but he was out of order and did not run. The purse was contested between Mr. Long's John Richards, and Mr. Johnson's mare Betsy Richards—(the latter won purses last spring at New-York and Baltimore)—The heat four miles; John Richards is said to have won the first heat about three lengths. The second was better contested. The mare led the three first miles, and until about the last quarter of the 4th; when the horse pushed on, passed and won the race.

## CANALS OF NEW YORK.

The following brief view of the Canals of New York will be found to possess much interest and information. The great and stupendous work, the *Erie Canal*; was commenced on the 4th of July, 1817. It is about 363 miles long, and it is now all finished excepting 30 miles at its western extremity, from Lockport to Buffalo. It has 81 locks, constructed of solid masonry, viz.—26 from Albany to Shenectady; 25 from the latter place to Utica; 25 from Utica to Rochester, and 5 from Rochester to Buffalo. The *Northern or Champlain Canal* was begun on the 10th of June, 1817, and is completed. Its whole extent is about 62 miles, and it has 21 locks. In this enumeration, two locks to communicate with the Hudson river at Troy; the great sloop lock above Troy; five ascending locks at Lockport, and all the guard

locks, are omitted. There are also several aqueducts of great length.—Those over the Mohawk between the Cahoose and Schenectady; that at the Little Falls, and one over the Genesee river in particular. Several dams are also connected with the work, viz:—Five over the Hudson river, one over the Mohawk, and one over the Tonawanta creek. A lateral canal of one and a half miles, from the Erie Canal to Salina, was completed in 1820, and several feeders have been constructed, some of which are navigable, and a great number of substantial bridges. The column of water in each canal is 40 feet wide at the top, 28 at the bottom, and four feet deep.—The locks are 90 feet long, and 14 feet wide in the clear. A boat of 25 tons is considered a full load for one horse, and 25 miles travel, a day's work. If above 25 and 50 tons of freight are in the boat, two horses are used, and they travel 25 or 30 miles a day. Those boats that have been built expressly for the canal, will generally carry from 30 to 45 tons; but it is supposed that vessels may be used carrying 100 tons. The transportation of a ton of flour from Buffalo to Albany, will not cost more than ten dollars, freight and toll included—by land it costs 100 dollars, or thereabouts. The tolls for salt and gypsum are 50 cents per ton for 100 miles. For produce of the country, \$150; for merchandize, \$5. The revenue from tolls was last year about \$65,000, this year it will be 100,000.

All the canal loans have been negotiated in the state of New York, and the whole amount now is about \$2,813,500, in stock, some five and some six per cent. interest, &c. reimbursable in 1837 and 1845. The annual interest is about \$300,000, and the whole sum expended to this time, is about \$6,287,826.

**NAVAL.**—Capt. Morris had left Portsmouth, N. H. for Washington, to enter upon his duties as one of the Navy Commissioners. Previous to his departure he was invited by the citizens of Portsmouth to a public dinner, which he declined, in consequence of necessary arrangements for his early departure.

The Board of Commissioners for deciding on claims arising under the Treaty of Ghent for captured property carried away after the conclusion of peace, met at Washington on Monday last, at which both the Commissioners and Arbitrators, Secretary, &c. were present. The board adjourned to meet on Wednesday.

The Steam Galliot Sea Gull, Commodore PORTER, arrived at Savannah on the eighth instant. She put in for fuel, and was to leave there for Charleston on the tenth. The gallant Commodore is not entirely well, but is improving. The other officers of the Sea Gull are all in good health. They state that the sickness at Thompson's Island is supposed to have originated in the rapid decomposition of vegetable matter during the hot weather, after the heavy rains. When the disease first broke out, it was found to be very much under the control of medicine, but the want of medical aid was so great that several died without seeing a doctor. Indeed, the whole squadron is represented as having been wretchedly off for medical aid ever since it left the United States."

## SICKNESS IN OHIO.

A letter from Bainbridge, Ohio, states that the physicians of that place report 455 cases of sickness, within seven miles of the town. The West Union paper says, however, that since the sudden change of weather experienced for several days, the causes of alarm have measurably ceased to exist; and the sickness is fast abating.
